

Popli Design Group (PDG) is an award-winning architectural, engineering, land surveying, and construction services firm.

With almost 40 years in practice, we have become a trusted partner to hundreds of clients.

ABOUT US

Established in 1982, Popli Design Group (PDG) is a multi-disciplinary architecture and engineering firm. We have grown from a one-person transportation engineering firm to a mid-sized, full-service firm with eight office locations in New York, New Jersey, and Florida. With almost 40 years in practice, we have become a trusted partner to hundreds of clients.

PDG prides itself on maintaining a design, technical, and administrative staff that is creative and responsive to our clients' needs and schedules. We believe that a successful project is an extension of well-thought design, integration, and communication. Our work includes educational, healthcare, commercial, industrial, and government clients at the federal, state, and local levels. Our wide range of services provides us the in-house capabilities to meet virtually all of our clients' needs.
